## Motives are the Seeds of Action

In my early days of sobriety my wife came home from an Alanon meeting all excited about what they had talked about. Apparently, they were discussing their Forth Step inventories and she explained that when taking her 6TH step, it was important that she examine her motives, before making decisions. How interesting and profound that statement was, at the time, and it has come up many, many times since that initial conversation. Since almost everything we do, begins with what we think, that statement has been a big part of what I believe our goals are supposed to be when we are in the process of cleaning up the wreckage of the past. It also implies that we should examine our motives, for what we do, from this day forward, and be sure that they conform to the spirit of the principles that are suggested in the AA program.

This kind of thinking was foreign to me before John Barleycorn got his grip, but when the alcohol took its toll and I was circling the drain, I was forced to decide what I was going to do with the rest of my life. It became very important to learn and understand what the causes of my failures were, in the past, and what I could do to correct them. Like most of us, we have measured our successes and failures based on things we have accomplished, by the things we owned, and where we lived. It made little difference how we acquired those things. How different my thinking is today, compared to how it was back then. I no longer base my success on material possessions. As the old country song says, "one rich man in ten with a satisfied mind." This, to me, does not mean that we must take a vow of poverty. To me, this means that if I am honest with myself and that my motives are pure and unselfish, I can be content at any economic level. My motives make it so.

I was doing a little research to find the definition of the word happiness and discovered that it is often described as "a by product of right living and not an end in itself" Happiness is not a goal, but it is the result of living right. A friend once shared at a meeting that, satisfying his wants will never make a person happy. Another person shared that she had read something that described it like this: "happiness is like a butterfly, the more you chase it, the farther away it gets, but when you stand still, it will land on your shoulder". If my motive is to create happiness, it's probably not going to happen. These subtle little gems of wisdom are revealed to me daily and they slowly become a part of my mental make-up.

As I look back on my life I realize that I can never recall being truly happy until I learned and understood this concept. As long as my motives, for what I did, were of a selfish nature or, to get the approval of others, I was not getting the results that I was seeking. When I started doing deeds that are based on unselfish motives and doing it without fanfare, the byproduct landed on my shoulder. Yes, I stopped chasing happiness and started living right, as best I understood it to be, and I receive more than my share of happiness. Taking Steps 6 and 7, to me is the beginning of a new adventure in making right decisions and it will be a very long process of recognizing my motives and being completely honest with me about them. Once I discover the proper motive, I must ask for the strength to carry out what I perceive to be the proper action.

Examining my motives has made me look deeper at many of the subtle little differences in the words we use and their causes and effects and, for my purposes, I find that my defects of character, cause my shortcomings, and when I understand my defect, my shortcoming (faulty behavior) can be corrected. When I understand the problem, the troubles can be corrected. These ideas may be hard to grasp in the beginning but if I hadn't started looking deeper into my motives, I may never have resolved the deeper issues. These days, Unselfish Motives are the seeds that all of my thoughts and actions stem from, and that is as simple as it gets.

## Tuning in to Our Higher Power

I had heard the last half of the Eleventh Step many times in meetings: ". . . praying only for knowledge of His will for us and the power to carry that out," yet I often wondered just how one can learn about God's will.

One day during an Eleventh Step meeting someone spoke of "tuning in" to God's will through regular periods of prayer and meditation. A picture of the TV set at home flashed across my mind. I saw myself twisting the knob to change channels, and with this came a new approach (for me) to this part of the Eleventh Step.

When I want to pick up the picture from a television station, I don't start by asking the station engineer to tune the signal to the place on the dial where my TV is set. Instead, I turn the knob at home to find the channel that carries that broadcast signal. In other words, I adjust to the station's setting instead of expecting it to comply with mine. Might not the same thing be true for the signals that come from my Higher Power?

Viewed this way the entire purpose of prayer and meditation becomes that of focusing on God's will for me instead of asking for this or that according to my will at the moment. Instead of expecting my Higher Power to change things to suit me (the equivalent of asking a TV station to move its signal to the channel where my dial is set), I need to focus my daily period of quiet meditation on creating a condition within myself that opens me up to, and accepts, God's will for me. The first step in seeking God's will is that of becoming receptive to it!

Since that day when the image of the TV set came to mind I've felt so much more in tune with the entire purpose of the Eleventh Step. The act of focusing on God's will--as we are told to do in the second part of the Step--increases my success with the first portion that deals with improving my conscious contact with God as I understand him.

The "Twelve and Twelve" tells us that when we catch a glimpse of God's will for us, and focus on the real and eternal things of life such as love and truth, we are no longer deeply disturbed by many smaller things that surround us in our daily affairs. Tuning in to a Higher Power truly leads to greater serenity--and to a much richer way of life!

## November Is Gratitude Month

Gratitude is always in order, but many groups have designated November as a particular time to give thanks to the A.A. program. It has been that way since the 1940s, when the General Service Board held small "gratitude dinners," which were replaced in the 1960s by larger "gratitude" lunch-eons. These were ended in 1968 because they were deemed too expensive.

In 1956 and 1957, there were floor actions at the annual General Service Conferences recommending that Thanksgiving week in those years be designated A.A. Gratitude Week." ***Acceptance may be the answer to all our problems, but gratitude has to be a close second.***

As many in A.A. have discovered, gratitude is a sure cure for self-pity. And can you be resentful at the same time that you're grateful? Some in recovery will coax their thinking onto spiritual lines with gratitude lists.

### So, Where'd My Buck Go ?

Some of the smaller size AA groups barely collect enough money to pay the rent and buy the coffee. God bless them! The bigger size AA groups tend to collect a lot of money and can even afford an occasional sheet cake. God bless them too! So, there are many different size groups with different financial situations.

For the most part though, I have found that the AA groups around here seem to be fairly well attended and in pretty good shape. And, when the basket is passed, the AA's who are able throw in a buck or two. The collection baskets usually appear healthy enough to cover expenses and then send *something* to AA Central Office / Corrections / Treatment. Unfortunately, it looks like that's not what always happens.

The "Group Contributions" report published in the *New Frontiers* shows that some of these well attended AA groups have given \$0.00, Zilch, Zip, Nada, Nothing !!!

November 2017 New Frontiers AA History article time by yours truly again this month (next month a real writer, as I believe prayers got answered – thanks to you ALL for the help in that regard)!!!

So, as AA has taught me the most important part of my recovery is my ability to ask for help, I decided to just GO TO THE SOURCE and ask “Did anything interesting happen in AA in November?” of an archives member and as usual got the EGO blast that often comes out of left field. The dear gentleman opens his mouth and says something about hitting the internet and I of course open my mouth with “Okay, okay, I’ll get on the web but was hoping for a head start, since this is due in the morning.” Which is when he did as my beloved sponsor does in reminding me that NO, I actually do not know what he was about to say – so I listened, and here’s my take on his ‘suggestion’:

Twenty years ago the readers of THIS newsletter got their “November 1997 New Frontiers” with some funky scary font and a box right on the front enclosing “Recipe For Recovery - no half measures, please” that is thought-provoking. The “Start with a generous helping of acceptance.” and “Add abstinence and marinate.” tickle me but by far, my favorite part is about adding “Tolerance to taste (Patience may be used as a substitute).” To see the whole recipe, my dear friends, go to <http://www.buffalooany.org/newsletter.htm> and slide down to November 1997. You’ll be so glad you did – check out the “An Old-Timer Remembers” article on page 4 will touch your heart – as “Joe H.” of the “Giving Group” intended.

And if anyone knows what “Screeners” are (page 10 in center of page) which has something to do Treatment Facilities Committee – there’s a statement about “We have now received 23 postcards back from the screeners.” which has me baffled. Hit me at ARCHIVES@AREA50WNY.ORG if you know. Maybe I should call Jesse S. who for now is the chair of Buffalo’s Treatment Facility Committee. Nah, too late, not a good idea.

Anyway, on to the reason for this article – something of interest that happened in November of 1997.

So I prayed, and other than noting that Iron Horse, North Buffalo, University Men's, Thruway Group, EyeOpener, Renaissance Group, Fireside, Williamsville and Acceptance Group were strong groups rather than meetings even way back then, I wasn’t finding a topic other than how people vote with their feet, until it hit me – on page 2 in a message from an AA member about requesting cards and letters for his friend who was lonely and would soon be celebrating 28 years of sobriety. He stated that Jesse S. tried to make us believe he was a grizzly bear but “for those of us who really knew him he was just a teddy bear with a warm heart.” who now needed some contact, having found out all about loneliness.

I’m about 95% certain that this “Jesse” is the man of “PITY POT” fame that I’ve heard about since coming to the rooms in January of 2008. Many told me about an AA character who would talk to many whining newcomers (as I sure was then) about having a pity pot for them – and retrieving from his car a toilet seat with nails driven up through it. Bed of nails took on a whole new dimension for me. Do you know of someone who actually saw this PITY POT – or KNEW JESSE? If you do, please email me or let Terry know so I can contact you! We have very little information about this gentleman – but who would personally remember him?

Hope to see you soon wearing your sobriety!

Yours in the Spirit of AA, Lila M., Area 50 Archives Committee Chair

### **Motion to Change By-Laws; Presented by Jesse S.: Vote November 5**

To create the Education and Participation Committee which will be a permanent standing committee falling under the same guidelines as all current standing committees. The specific responsibilities of this committee, to be added to Article IV of the Buffalo Central Committee Articles of Incorporation are as follows:

#### **Education and Participation Committee**

1. The purpose of this committee is to foster and encourage group participation in the Buffalo Area Central Committee and to provide training to facilitate participation.
2. The Education and Participation Committee shall consist of not less than three members of A.A.
3. Officers shall be elected internally and shall meet such sobriety requirements as the committee may specify. The chairperson shall be elected by the committee for a term of two (2) years.
4. The duties and responsibilities of the Education and Participation Committee are:
  - A-To foster participation and membership in the Intergroup.
  - B-To welcome new members of the Voting Body of the Central Committee (§2.02b), and to provide them with information regarding the structure and operations of the Central Committee.
  - C-To establish and conduct educational and informational sessions for group secretaries and treasurers, Central Committee Representatives, and others as appropriate.

#### **Background Information:**

The Education & Participation committee is responsible for fostering and encouraging group participation at the Buffalo Area Central Committee. This is done by providing training to new Central Committee Representatives, putting on workshops for the fellowship about various A.A. related topics, and reaching out and educating groups about what the Central Committee does and why we need volunteers.

There is an active "E&P" committee at the Rochester Area Intergroup that has been in existence for 5+ years and has been effective at increasing participation in Rochester area service committees per current and past Rochester E&P committee members. This committee would address ongoing concerns that have been voiced at Buffalo Central Committee regarding participation at this level.

#### **What types of service work can A.A. members do at the Education & Participation committee?**

At the Education & Participation Committee, A.A. members learn the ins and outs of the Rochester Area Intergroup so they can visit groups and encourage them to participate, learn to put on local workshops (including selecting topics, finding speakers, promoting, and throwing the event), and provide information to new intergroup reps as well as homegroups. Homegroup information sessions range from secretary and treasurer training to how to run a group conscience or group inventory.

### Committee Reports

**Envelope System** - The envelope committee met on Sunday October 1st, 2017. In attendance were Diane d and Pat G.

1. The envelope system was established to allow individual AA members to directly contribute money to Buffalo central office to help with operating expenses and ensure that central office can continue to carry the message.
2. Please take back to your homegroup this suggestion. When a member has an anniversary of sobriety suggest that they use the envelope system purple brochure as a way of giving back. For example, if you have 16 years sobriety you could give \$16 in a one-time payment or \$16 monthly for a year.
3. Our committee continues to inform AA groups about the financial needs of central office and how to use the envelope system to help. We do so during business meetings or at announcement times during regular meetings.
4. Please help the envelope system by stocking the purple brochures on your literature rack. They are available at central office.
5. Our next committee meeting is Sunday at 6:30 November 5th prior to the central committee meeting at that location.
6. As always, we are looking for volunteers to join us.

Yours in service pat g

**Steering Committee** – 7 people in attendance, Zones 1,4,7 still currently need a representative. There were a lot of topics discussed, and they closed with the lord's prayer. - Alan D

**Corrections** – last month we received flyers for the corrections connection day that is going to be held on Dec 1<sup>st</sup>, 2017 from 8am-4pm. They will be on the intergroup website soon and, I will have some for you to bring back to your groups next month. We also spent 885 on books and pamphlets last month for the prisoners. Also sue and another volunteer went into Lakeview Shock for women's prisoners. We haven't had meetings in a women's part of the prisons in the last 3 years, since I've been a part of this committee so this is exciting. Please remind your groups to go onto the intergroups website for the state and county applications. Mail them to Central Office so we can get these new and old meetings stronger and stronger. - Shannon S

GROUPS WE NEED CONTACTS FROM ARE: HUDSON & WADSWORTH-7, DESIRE-6 & WOMEN IN SOBRIETY-5

We spent 2 days with Karen S. trying to add a donate button to our website. In the current program (Expressions Web) after several phone calls it will NOT be possible to do, if we want to know who is contributing. There is no way to have a field to show the Group name, only the contributors name :( Have one last hope out there that Karen is waiting to hear back from, but it's a long shot :( ) Over the next year we may (with help) try to convert our current website over to WordPress, that does have the plug-ins to do what we'd like done.

Yesterday GSR area met with the 4 intergroups in area 50.

The 2017-B schedules are in :)

On Wednesday morning I will be driving to this year's Central Office Intergroup Seminar. Volunteers are scheduled for the office.

Yours in the fellowship of the Spirit...Terry B.

**GSA Liaison** – No Report. Next assembly meets Oct 14th 12 noon, Dunkirk NY First Presbyterian church, 4th and Eagle St.

**Archives** – Thank you so much for the honor and privilege of serving all of you groups for this past month and for all the times in my recovery where service work has brought me back to sanity and away from my millions of insane thoughts. Trying to help with saving our history has given me six incredible years of sobriety and growth away from my way of thinking and toward a real life. Dealing with others on committees has changed so much in me I cannot begin to list the lessons that I'd never have gotten without this committee and their open minded acceptance of this drunk. My thanks to all of the Western New York Alcoholics Anonymous fellowship for helping my Higher Power change me.

We of the archives committee have reported to 4 of the 4 intergroups this past month thanks to Wally's help! We held our last Monday evening monthly archives meeting – which are now on the third Saturday of each month at 10pm in the Buffalo Central Committee offices. Tom attended the Buffalo Fall Committee and I attended the Niagara Falls Spring Convention committee planning meetings. We continue to have worknights on the 2<sup>nd</sup> and 4<sup>th</sup> Monday evenings each month at six-thirty in the archives office.

We displayed at the NYPenn Day of Sharing, and just last week had two Buffalo group anniversary displays on Tuesday at Orchard Park Step group and then Wednesday at the Blvd Womens Group!

Since archives is an autonomous committee receiving no funds from no unorganized parts of AA, though we are part of the Area General Service structure, the thanks goes directly to you groups and individuals who have donated to archives for affording me the privilege of attending this past weekend's National Archives Workshop in Winnipeg, Manitoba, Canada! Hearing about ways around the world that AA is changing the world - and in particular how remote communities are handled - which can be due to barriers of location or language like the Polish speaking community in Chicago, the isolated workers on the oil rigs in the Gulf of Mexico and the far flung isolated alcoholics in the wilds of North America's ice covered lands - have made me look at our own area differently. Do we have sets of alcoholics completely un-noticed right here in our local fellowship? Does complacency allow us to pretend they don't exist?

The massive loads of concepts brought back from there have given me ideas to utilize in our area to reach out to our primary purpose – which since just re-elected for a second 2 year term, I've got two more years to try out! You'll be hearing about these ideas and hopefully it will result in some assistance from whoever God decides to tap into action to assist in the archives committee goals we've been working toward for years!

If anyone knows of someone interested in our history that may have one hour per month available – please let them know that their assistance could prove more valuable than they realize – and that I'd love to contact them about different help needed by our committee! Don't hesitate to reach out to me by phone or by email at ARCHIVES @[AREA50WNY.ORG](mailto:AREA50WNY.ORG) for details!

An Open House is being discussed by the members of the committee – more details are upcoming on that event which will probably be in the spring!

We'd love to display the archives at your group anniversary or special event - remember we appreciate a 30 days advance notice so transportation can be set up! Your PRIMARY PURPOSE efforts may be assisted by this sharing the history of AA at YOUR MEETING more than you can know.

And the usual reminder to all AA members of these 8 counties of Western New York – throw NOTHING group-related away without considering your unborn alcoholics to come, which is the purpose we work hard at keeping our area documented accurately and the reason for the existence of this ARCHIVES Committee.

Yours in service, Lila M., your grateful Area 50 Archives Committee Chair

### **Old Business**

**Motion made** – For the Buffalo Intergroup of AA to write a letter of support for the Buffalo Bid for the Empire State Conference of Young People in AA for 2018

The Representative that made this motion was not here to discuss or answer any questions so a proposition to table this motion indefinitely was brought up by our chair and no one was opposed.

### **New Business**

**Motion made by Harvey** – We send a representative to the group “Positions of Neutrality” to attend the meeting and clarify if there is a violation of our traditions and report back next month. That motion is seconded. After slight discussion that motion was withdrawn, and steering committee was given this task since it was in the scope of their job details.

Motion to close was made by indie and seconded by all

**Intergroup wants to express our appreciation** for those groups and individuals who have made generous financial contributions, and give a **special thank you** to all the members who have volunteered their time this year to help the sick and suffering alcoholic.

## A Declaration of Unity

This we owe to A.A.'s future:

To place our common welfare first;

To keep our fellowship united.

For on A.A. unity depend our lives,

**Concept XL: The trustees should always have the best possible committees, corporate service directors, executives, staffs, and consultants. Composition, qualifications, induction procedures, and rights and duties will always be matters of serious concern.**

- Do we understand how the roles of nontrustee directors and nontrustee appointed committee members help serve and strengthen the committee system?
- How do we encourage our special paid workers to exercise their traditional "Right of Participation"?
- Do we practice rotation in all our service positions?

***Tradition Eleven: Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.***

- Do I sometimes promote AA so fanatically that I make it seem unattractive?
- Am I always careful to keep the confidences reposed in me as an AA member?
- Am I careful about throwing AA names around – even within the Fellowship?
- Am I ashamed of being a recovered, or recovering, alcoholic?
- What would AA be like if we were not guided by the ideas in Tradition Eleven? Where would I be?
- Is my sobriety attractive enough that a sick drunk would want such a quality for himself?

**"We commenced to make many fast friends and a fellowship has grown up among us of which it is a wonderful thing to feel a part of. "**
